

BRIDGE BANK

BRIDGE CAPITAL FINANCE GROUP

Bridge Capital Finance Services Include:

Asset-Based Lending

An Asset-Based line of credit provides working capital financing based upon your balance sheet assets (primarily accounts receivable and inventory). Asset-Based loans offer more covenant flexibility than traditional financing.

Invoice Financing

An Invoice Financing line of credit is a flexible lending program which provides access to working capital for companies experiencing sales growth, mergers, acquisitions, “turn-around” situations, or difficulty qualifying for traditional Bank financing.

Vendor Assurance Program

Bridge Bank’s Vendor Assurance Program (“VAP”) develops and provides financial solutions to equipment manufacturers, distributors, and dealers with their end-users. VAP streamlines your trade payables process and improves your company’s ability to obtain trade lines of credit.

Purchase Order Financing

Bridge Bank’s Purchase Order (“PO”) Financing develops and provides financial solutions to enable clients to secure inventory and fulfill customer orders.
